International students must be in good academic standing and carrying a full course of study to be eligible for off campus employment. Please contact the CISS if you are considering any of these options.

- Curricular Practical Training [CPT]: This off-campus work option is primarily for MDiv students who are required to complete field education as part of their academic program. Clinical Practical Education [CPE] also qualifies for CPT. In addition, cooperative education agreements with local congregations can provide pastoral employment opportunities.
- Optional Practical Training [OPT]: This off-campus work option is available for all other international students who desire to work in a field directly related to their major and who are not required to complete field education (e.g., MTS, MA, CTS, CSS students). Students are eligible for a total of 12 months of OPT during their academic program. Any OPT taken during the time of academic study is counted toward the total.
- Post-Completion Optional Practical Training: This off campus work option is for international students who would like to work in positions related to their course of study after completing their degree or certificate program. If no OPT has been taken previously, the student is eligible for 12 months of employment.
