Pacific School of Religion prepares a diverse cadre of spiritually rooted leaders with the vision, resilience, and skill to create a world where all can thrive. Grounded in the rigorous study and faithful practice of progressive Christian faith, PSR partners with students of all backgrounds to deepen their spirituality and enhance their capacity to lead in transformative ways.

Connected to a broad network of religious, educational, not-for-profit, and private sector organizations—with a particular commitment to the wisdom of historically marginalized communities—PSR offers an education that is marked by innovation, reflection, and excellence.

PSR has always attracted people who look beyond religious, cultural, and political boundaries to recognize humanity and holiness in others. While the dominant culture defines itself by who belongs and who doesn't, we're committed to welcoming people for who they are—as they are. The grace afforded to us in these efforts has been immeasurable, and we want those we serve to experience its full measure. We believe in a radically inclusive Gospel, one that compels us to take courage and press ahead. Today we stand at the beginning of a new era—ready to meet its challenges, as we always have, with everything we are.
